GLOSSARY

Accountability	Obligation on those to whom authority is delegated to account for, and accept, responsibility for their actions and decisions.
ADF Charter	The Agreement Establishing the African Development Fund (signed 1972; current edition published in 2010)
Annual Programming for Bank Group Operations	A periodic exercise of allocating available resources among the Bank Group's administrative and strategic operational priorities, taking into account commitments made to the Bank Group's Member States and non-sovereign clients.
AfDB Charter	The Agreement Establishing the African Development Bank (signed 1964; current edition published in 2010)
Appraisal	A systematic assessment of a range of aspects critical to the technical soundness, environmental and social sustainability, development effectiveness, and financial viability of a proposal for financing under any of the Bank Group's windows, trust funds or special facilities. The assessment is conducted by Bank staff at the conclusion of an adequate due-diligence data and information gathering exercise. It is outlined in a detailed report that is subjected to systematic review prior to being presented to Senior Management for clearance for submission to the Board of Directors or other appropriate approval authority.
Approval	This is the final stage of a review process for a specific activity or proposal, the conclusion of which is a formal validation of the activity or proposal by a responsible official, or designated group of officials, of the Bank Group, thereby authorising the execution of the activity or implementation of the proposal.
Authority	The lawful delegation of power by one person to another in accordance with or within the limits of its protocols, by-laws, policies, and regulations.
Bank Group	The African Development Bank, The African Development Fund, The Nigeria Trust Fund and other Special Funds
Board	The Board of Directors of the African Development Bank or the African Development Fund, as the case may be.
Business Pipeline Development	Systematic identification and compilation of a list of projects and programmes for potential financing under different windows of the Bank Group, and from which operations are selected for inclusion in the Indicative Operational Programme (IOP).
Client Relations & Communications	Formal channels of dialogue with Government authorities, development partners, private sector, and other relevant clients.
Completion of projects / programmes	The phase of project / programme <u>Implementation</u> after attainment of 85% of cumulative disbursement financing by the Bank Group. Attention during that period turns to ensuring proper financial closure, securing a project/programme audit, conducting an expanded supervision field mission, and preparing a Project/Programme Completion Report (in the case of a sovereign operation), assessing the entire Implementation period and drawing key experiences and lessons learnt.
Concerned Vice President	The Vice President with oversight responsibility for an activity.
Concept Review	A more extensive due-diligence review of a proposal, leading to the preparation of a concise report (a Concept Note), the objective of which is to allow Management to take an informed decision whether to go ahead with a fuller development of the proposal (for example, to proceed to the Appraisal stage).
Country Manager	Manager of a Country Office. Previously referred to as Resident Representative.
Country Strategy Paper	A formal document that outlines the Bank Group's strategy for supporting a specific Regional Member Country. That document is prepared through extensive consultations with the country's Government, civil society organizations (CSOs), private sector entities, and development partners (DPs).

DBDM	Development and Business Delivery Model
Delegation of Authority	The lawful delegation of authority by management to staff or between staff and qualified peers or subordinates.
Delegation of Authority Matrix	A table presenting the delegation of authority for a specific, well-defined group of activities.
Director-General	Head official of a Regional Development and Business Delivery Office (or Regional Office) reporting to the Vice-President for Regional, Development, Integration and Business Delivery, and whose functions are to coordinate, plan, programme, manage and supervise operational activities of the Regional Office, including the Country Offices that report to it.
Due diligence	Systematic investigation and gathering of information and data on a range of aspects that are critical to successful implementation, environmental and social sustainability, development effectiveness, and financial viability of a proposal for financing under any of the Bank Group's windows.
Entry into Force	The date of effectiveness of a legal agreement in accordance with its terms.
Exploratory review	Preliminary quick due diligence investigation and review of proposals for financing by the Bank, to identify those that are worth devoting greater attention. In public sector financing operations, exploratory review may culminate in the preparation of a Project Brief. In non-sovereign operations, it may lead to the preparation of a Preliminary Evaluation Note (PEN).
Equity investments	The Bank's support for a corporate client domiciled or undertaking a portfolio of capital investments in at least one Regional Member Country by participating in the financial capital that underpins that client's business undertakings. As a participant in the financial capital of a corporate client, the Bank assumes a proprietor's share of the business risks and declared dividends of the client (the investee) proportional to the Bank's subscribed share of the financial capital.
Identification of a projects / programmes	Bank staff finding project or programme ideas or areas that present potential opportunities for financial support under specific windows of the Bank Group, in line with the Bank Group's and the host Regional Member Country's strategic priorities. A more likely scenario is where a client selects ideas or areas that present potential opportunities contributing to attaining strategic development objectives and brings those ideas or areas to the attention of the Bank with an accompanying preliminary request for financing.
Implementation of projects / programmes	The phase that starts from the moment a project / programme financing agreement is declared effective, when specific activities are rolled out to translate into concrete form the project / programme designs and plans to create the assets for which the client requested financing from the Bank Group. The primary responsibility for overseeing those activities rests with the client's Executing Agency.
Implementation support, supervision and monitoring	Key activities through which Bank staff provide financial and technical assistance to the client's Executing Agency to ensure efficient project / programme implementation. Those activities include monitoring implementation progress, periodic field visits to inspect on-going activities and hold discussions with the Executing Agency and other stakeholders and following up on critical concerns.
Indicative Operational Programme	A document prepared annually under the joint coordination of the Programming and Budget Department and the Strategy and Operational Policies Department, which outlines a rolling programme of Bank Group operations expected to be implemented over the next 3 years. Year-1 of the document presents projects and programmes that are ready for final due diligence and appraisal for presentation to the Board of Directors. The respective Year-2 and Year-3 sections outline operations for which substantial amounts of work remain to be completed before they are brought to a stage where they can be appraised.
Loan / Grant / Guarantee administration	Processes and procedures for the management of financial resources approved to be provided to clients (sovereign or non-sovereign) in conformity with the financing agreements and in line with the Bank's Financial Regulations, the General Conditions/ Standard Conditions, and other applicable financing policies

	and guidelines.
Loan / Grant / Guarantee disbursement	Processes and procedures for the release of funds to a client subject to the terms of a financing agreement and in line with the Bank's Financial Regulations, the General Conditions / Standard Condition, and other applicable financing policies and guidelines.
Loan / Grant/ Guarantee signature	Signature of financing agreement by all authorized signatories thereto.
Modification of Financing Agreement Terms	Changes in the terms or conditions of a financing agreement that have been negotiated and mutually agreed upon between the Bank and the client.
NTF Charter	<i>The Agreement Establishing the Nigeria Trust Fund</i> (signed in 1976; current edition published in 2010)
Non-sovereign operations	Bank financing operations in support of private sector clients as well as public sector entities that enjoy statutory operational and financial autonomy. Those financing operations are, accordingly, not protected by <u>sovereign guarantees</u> of their repayment.
NSO Ecosystem	The entire range of Bank organizational entities that are involved in the process of preparing, processing, reviewing, quality assurance, operational and financial management of non-sovereign operations.
Preparation of projects / programmes	Carrying out detailed work to develop preliminary ideas, concepts or options into concrete projects or programmes with specific components, accompanied by detailed implementation arrangements, financing plans, and institutional arrangements for long-term operational management and sustainability.
Procurement and Compliance Review	Processes and procedures through which Bank staff examine the client's proposals for contracting with third parties for the supply of goods, services, and works to be paid for from the proceeds of financing provided by the Bank Group and evaluate those proposals to ensure that they are in line with the Bank Group policies and procedures.
Programming Country & Regional Integration Operations	Processes and procedures through which Bank staff identify the strategic priorities of a Regional Member Country or Regional Integration Arrangement that the Bank Group can support within the limits of the resources that the Bank can allocate to that Country or Regional Grouping, and the identification of specific operational activities that the Bank Group shall finance during the medium-term period (3-5 years).
Project Appraisal Report	A detailed report presenting Bank staff's appraisal of a project or programme proposal for financing by the Bank. See <u>Appraisal</u> .
Project Appraisal Team	A multi-disciplinary team composed of staff from the responsible <u>Sector Department</u> and <u>NSO Ecosystem Departments</u> , including specialised Support Departments, which is expected to include Legal, Safeguards, Fiduciary, Gender & Civil Society, Additionality and Development Outcomes, Credit Risk, Syndication and Client Solutions, etc. The team is responsible for carrying out successive stages of due diligence, discussions and negotiations with representatives of the client, advising the client on final aspects of a non-sovereign operation's preparation, designing suitable financing arrangements and negotiating appropriating terms and conditions, appraising the operation, and preparing a financing proposal for consideration by the Board of Directors.
Project Development Team	A multi-disciplinary team composed of staff from the responsible Regional Directorate, as well as from concerned Sector Departments and specialised Support Departments, which is expected to include specialists on Safeguards, Fiduciary, Legal, Gender & Civil Society, Quality Assurance, etc. The team is responsible for carrying out successive stages of due diligence, discussions and negotiations with representatives of the client, advising the client on final aspects of a sovereign operation's preparation, designing suitable financing arrangements and negotiating appropriating terms and conditions, appraising the operation, and preparing a financing proposal for consideration by the Board of Directors. .
Project/ Programme	Restructuring of a Project or Programme in accordance with the applicable policies.

Restructuring	
Public Sector Operations	The Bank's operations and or engagement with sovereign and /or public sector entities
Origination of projects / programmes	The entire range of activities conducted by Bank staff from <u>exploratory review</u> up to submission of an <u>Appraisal Report</u> to the Board, which shape the Bank Group's financing arrangements in support of a project/programme, and the terms and conditions expected to be fulfilled by the Bank Group and the client.
Responsibility	Having been assigned to fulfil specific tasks and being accountable for carrying them out.
Sector Department	Bank's basic organizational unit composed of one or more <u>Sector Divisions</u> that represent either distinct but related operational disciplines, or distinct geographical arrangements for delivering a mixed range of operational disciplines.
Sector Director	Head official of a Sector Department reporting to a Vice President, and whose functions are to coordinate, plan, programme, manage and supervise operational activities of that Department.
Sector Manager	Head of a Sector Division reporting to a Sector Director, and whose functions are to coordinate, plan, programme, manage and supervise operational activities of Bank staff assigned to the Sector Division.
Senior Vice President	The Vice President to whom the Bank Group's President has assigned responsibilities to provide overall coordination of Bank activities in consultation with other Vice Presidents, and who therefore chairs the Operations Committee (OPsCOM), deputises the President in chairing the Senior Management Coordination Committee (SMCC) , and is the Custodian of the Delegation of Authority Matrix.
Sovereign operations	Also known as <u>Public Sector Operations</u> .
Task Manager	A sufficiently experienced Bank staff who is assigned responsibilities to lead and coordinate a Project Appraisal Team or Project Development Team or Project Monitoring and Supervision Team Project or any other multi-sectoral or multi-disciplinary team of staff appointed to carry out a specified task, communicate between Senior Management and the task team, assure quality of the overall output produced by the task team, and ensure efficiency and effectiveness in the execution of the assigned task.
Workouts, Write-offs, and Asset Liquidations for Staging-List and Impaired Operations	Process of negotiating with a borrower and other counterparties to explore various pragmatic alternatives to foreclosure or bankruptcy of the borrower, after a financing operation has become <u>impaired</u>, i.e., shown signs of being potentially problematic or has entered default on debt repayments. Alternatives include demanding additional collateral, lengthening the loan term, <u>writing off</u> part of the outstanding loan, providing minor additional lending to prepare assets for sale to pay down all or part of the principal balance, or other adjustments in terms and conditions. In the ultimate situation of default, lenders are entitled to <u>liquidating the borrower's assets</u>, i.e., selling off assets submitted by the borrower as collaterals, in order for the lenders to minimise their losses. Impairment spans a spectrum ranging from an operation being placed on a "<u>staging list</u>" (i.e., a list of operations that require enhanced monitoring by the originating Department), passing through "<u>joint venture</u>" (i.e., being managed jointly by the originating Department as lead and the Special Operations Unit as advisor to implement necessary measures [including project and corporate restructuring, etc.] to turn around the operation), up to "<u>jeopardy</u>" stage (i.e., necessitating effective, decisive and prompt measures to be devised and implemented to cut project financing losses, in what stage the Special Operations Unit takes the lead and the originating Department takes an advisory role).

STANDARD AUTHORITY CODES

The following Standard Authority Codes are used in the 2023 DAM:

Authority Level		What the authority level involves: Work to be done + Responsibilities + Accountability
I	Initiate / Originate	I₁: To launch a process or activity; and/or I₂: To prepare a relevant, distinct output of that process or activity; and/or I₃: To participate in a multi-disciplinary / interdepartmental Task Team collectively responsible for a process or activity.
C	Check and Verify	C₁: To examine an activity against a formal checklist of quality standards, requirements, or preconditions and permit the activity to proceed to the next step only if all the set standards, requirements, or preconditions have been satisfied; or C₂: To clear the action or decision examined to proceed to the next step since it complies with applicable policies and regulations following appropriate consultation with relevant departments (e.g., PGCL, SNFI, etc).
C	Consult	C₃: In the case of the Bank's Independent Functions, notably Independent Development Evaluation, and Independent Compliance Review and Mediation, to tap the opinions, perceptions, or assessments of a responsible official, or knowledgeable, well-informed expert. (This is distinct from "Check and Verify", above. C₄: In the case there is a requirement to consult the Board of Directors or the Board of Governors, while the President or Management has the authority to approve.
R	Review and Recommend	R₁: To examine a submitted activity or output critically and assess its validity, value, or contribution from a number of well-defined perspectives (including compliance with the letter and spirit of adopted policies and regulations, alignment with established strategies and priorities, etc.) and provide concrete suggestions for alternative approaches aimed at specific improvements, or to guide further steps; or R₂: To examine a submitted proposal critically and determine whether it meets essential quality standards and requirements and, if it does so, clear it to be submitted to a higher authority, accompanied by a statement advocating for the proposal and/or identifying specific issues that need guidance or decision.
A	Endorse / Approve / Sign	A₁: To validate an activity, or accept an output, or endorse a proposed decision submitted for consideration; or A₂: To provide the final authority to proceed to implement a decision—anchored on certitude of adequate due diligence having been carried out by responsible officials to ensure appropriate quality standards, adherence to policies, safeguards, laws and regulations, alignment to strategies and priorities, and good risk management; or A₃: To append one's signature on a document to signify knowledge, agreement, approval, or acceptance on behalf of the Bank Group.
(i)	To be Informed	▪ Having the right or privilege to be provided information on an activity or proposal that is under review; and/or ▪ Having the obligation to find and process information on an activity or proposal that is under review. ▪ No formal responsibility to act on the information in this activity but not excluded from exercising influence.

Notes on PSO 2.220

1. **Task Manager** leads the Project Team work on behalf of the department responsible to deliver the operation.
2. **Project Development Team** includes, as necessary, (a) Sector specialists; (b) Syndications and Client Solutions specialists; (c) Inclusive Growth specialists (e.g., Gender, Youth, etc); (d) Green Growth and Climate Change specialists; (e) Policy & Strategy specialists from SNVP Complex; (f) Financial Management and Procurement officers; (g) Disbursement officers; (h) Fragility transitions specialist; (i) Regional Integration specialist; (j) Environmental & Social Safeguards specialist; (k) Legal Counsel / PGCL and (l) other relevant specialists such as Credit Risk officer/PGRF. Each Task Team member shall submit specific inputs related to the member's specialisation.
3. **Sector Manager (HQ-based) and Sector Manager (Region-based)** provide overall guidance on all aspects of technical and operational quality-at-entry, including international best practices and appropriate lessons learnt from previous Bank Group operations and oversee the process for project / programme origination in consultation with the specialised Supporting Departments This task is enabled by the multidisciplinary nature of TQAC, and the Bank's quality assurance tools.
4. **Credit Risk Committee** reviews Project **Concept Notes** and Project **Appraisal Reports** of ADB financing operations that meet the criteria set out in the latest Presidential Directive (PD) Concerning the Bank Group's Operations Review and Approval Process and provides clearance for ADF countries that have access to resources from ADB window. CRC also approves ADB country limits for financing proposed under ADB Bank Lending Programs.
5. **Technical and Quality Assurance Committee** membership comprises the Directors (who may delegate Managers or experienced staff to represent them) from the following organization units: (i) Regional Directorate covering the client RMC; (ii) Strategy and Operations Policies; (iii) Environmental and Social Safeguards; (iv) Financial Management and Procurement; (v) Office of the General Counsel and Legal Services; (vi) Governance and Public Expenditure Management; (vii) Financial Resources Mobilisation and Partnerships; (viii) Financial Control; (ix) Climate Change and Green Growth; (x) Gender, Women and Civil Society; (xi) Human Capital, Youth, and Skills Development; plus (xii) participants invited by TQAC Chairperson; and (xiii) organization units originating the proposal.
6. **Public Sector Operations Review Committee** membership comprises the Directors (who may delegate Managers or experienced staff to represent them) from the following organization units: (i) Strategy and Operations Policies; (ii) Environmental and Social Safeguards; (iii) Financial Management and Procurement; (iv) Office of the General Counsel Legal Services; (v) Governance and Public Expenditure Management; (vi) Financial Resources Mobilisation and Partnerships; (vii) Financial Control; (viii) Regional Integration Coordination Office; (ix) Climate Change and Green Growth; (x) Gender, Women and Civil Society; (xii) Human Capital, Youth, and Skills Development; plus (xii) participants invited by the PSRC Chairperson; and (xiii) organization units originating proposals.
7. **Concerned VP** reviews and clears Reports for a project to be submitted to OpsCom.
8. **Operations Committee** reviews and approves Concept Note OR clears Appraisal Report for Board submission. (This is applicable in the case of an operation whose financing exceeds 100 million UA, or which exhibits any of the exceptional conditions mentioned in the Presidential Directive (PD) Concerning the Bank Group's Operations Review and Approval Process that is in force).
9. **Country Manager / DDG** reviews a Project Brief focusing on quality at entry and alignment with national priorities and special considerations.
10. **A Project Concept Note or Appraisal Report** is accompanied by an **Environmental and Social Compliance Note (ESCON)** prepared by E&S Officers, checked and verified by the Project Task Manager, reviewed by the Sector Director, and approved/cleared by the Director of E&S Department. (**This applies to all projects.**). Similarly, a PCN or PAR for a Regional Integration operation financed from ADF window is accompanied by an **Additionality and Development Outcomes Assessment (ADOA) Note** prepared by ECVP staff and approved/cleared by the responsible Director in ECVP. Similarly, PCN or PAR for a project with exceptional characteristics requires the preparation of a Summary Credit Note (SCN) by PGRF staff and approved by the responsible PGRF Manager. Preliminary work on the preparation of those accompanying documents starts early during the preparation of the Project Concept Note.
11. **Non-Exceptional operation** that has none of the conditions listed in Presidential Directive (PD) No. 03/2013 (paragraph 2.4.3) or in a successor Presidential Directive.

12. **Exceptional operation** that has at least one of the conditions listed in Presidential Directive (PD) No. 03/2013 (paragraph 2.4.3) or in a successor Presidential Directive. Exceptional operations (including multi-regional or continental operations), that exceed UA 100 million **OR** which have any other exceptional issues listed in the PD No. 03/2013 or its successor.
13. **Lead Environment & Social Safeguards Officer, Project Legal Counsel, and Group Risk Management Function Officer** “check and verify” against applicable policies, rules, and regulations. Readiness Review provides advice to enable the relevant committees to make informed decisions on sovereign operations’ readiness for onward clearance. It is undertaken at PCN and PAR with inputs from specialists across key departments notably Gender Equality and Civil Society (AHGC), Transition States (RDTs), Environmental and Social Safeguards (SNSC), Fiduciary Inspection (SNFI), and Climate Change and Green Growth (PECG), and Country officers/country economists, with guidance from Quality Assurance division (SNDR.3), when necessary. At PAR stage, the readiness review is conducted prior to TQAC and a second time (verification) at PSRC/OPSCOM.
14. In the case of **Multinational, continental, or pilot operations: Sector Manager (HQ-based), Sector Manager (Region-based),** Country Managers / DDGs and/or RDGs of the countries / Regional Centres covered by such an operation.
15. **Environmental and Social Compliance Note (ESCON)** is comprised of two separate and distinct deliverables out of the Environmental and Social Impact Assessment (ESIA) work: (1) ESCON, and (2) the Categorization Memorandum.
16. **For any financing proposal not exceeding UA30 Million**, Bank Group’s Management clears the Project Appraisal Report and the Outcome of Negotiations to the Board of Directors for approval on a Lapse of Time Basis (LOTB). (See Board document: ADB/BD/WP/2014/175/Rev.2; ADF/BD/WP/2014/175/Rev.2: “Streamlining of Approval Procedures for Operations Submitted to the Boards of Directors”.
17. **Negotiation of Financing Agreements:** Clearance of an appraisal report by PSRC or OpsCom for Board processing and consideration, constitutes an authorization for the task team to proceed with the negotiations of the financing documents.
18. **Task Manager** requests the **Legal Counsel**, the **Syndications and Client Solutions Officer** (where applicable), **Disbursement Officer**, the **Financial Management Officer** and the **Procurement Officer**, and the **E&S Safeguards specialist** to prepare the necessary documents for the Loan/Grant Negotiation (the PAR, Technical Annexes, the disbursement letter, the procurement plan, the financing agreements) and takes a lead role in the negotiation and finalization of the financing agreements. The Legal Manager approves the financing agreements for complex or contentious matters.
19. **Draft Board Resolutions** is submitted together with the initialed minutes of negotiations, the initialed disbursement letter, the negotiated and translated English and French PAR and the Technical Annexes
20. **In the case of a project/programme led by HQ-based Sector Department, the Sector Director** validates the outcome of negotiations and package of documents to be submitted to the Board.
21. **In the case of a project/programme led by a Regional Business Centre, the RDG or Director of RDNG (as the case may be)** validates the outcome of negotiations and package of documents to be submitted to the Board.
22. The Project Task Manager updates the status of the project in SAP, including registration of the Loan/Grant Identity number and asks PSEG to generate a Loan/Grant/Guarantee number, which is transmitted to PGCL.

Notes on PSO 2.320

1. **Task Manager** leads the Project Team work on behalf of the department responsible to deliver the operation.
2. **Project Team:** Multi-disciplinary team of staff from the Regional Directorate, as well as from the concerned Sector Department(s) and specialised Support Departments, including Environmental & Social Safeguards, Procurement & Financial Management, Disbursement, Gender & Civil Society, Resources Mobilisation & Partnerships, Syndication & Client Solutions, etc. The Department responsible for delivery and the Supporting Departments shall decide whether the composition of the Implementation Team is the same as the Project Appraisal Team.
3. **Regional Implementation Support Manager (RISM).**
4. **Sector Manager** (HQ-based) or Sector Manager (Region-based) approves the launching mission programme.
5. **Task Manager** follows up on the Borrower Quarterly Progress Report (QPR) that must be submitted to the Bank by the Project Implementation unit (PIU). The

Procurement Officer along with the Financial Management Officer in the Project Team, reviews the QPR.

6. **Supervision Mission:** Important to note that, for all Public Sector Operations exceeding Bank Group financing of UA 1 million, it is recommended that they should be supervised 2 times per year if they have no implementation issues; and more than 2 times per year in the case of projects at risk.
7. A formal supervision (which may be desk- or mission-based) should result in an Implementation Progress and Results Report (IPR). The Task Manager launches and coordinates the preparation of IPR and uploads the final report online in the system Results Reporting System. The Project Team Members review and recommend.
8. **A Project/Programme Mid-Term Review Report** is cleared by OpsCom for submission to the Board for approval on a Lapse-of-Time Basis (if supplementary financing ≤ UA 2 million), or for formal review and approval (if supplementary financing > UA 2 million). The Task Manager launches and coordinates the preparation of MTR and uploads the final report online in the online system Results Reporting System.
9. **Project Completion Report (PCR):** The Task Manager launches and coordinates the preparation of PCR and uploads the final report online in the online system Results Reporting System.
10. **In the year of CSP Mid Term Review, CPPR and Mid-Term Review report are combined. The Country/Regional Program Officer launches and coordinates the preparation of CSP MTR in the online system Results Reporting System. In a year where a RISP MTR is due, the exercise has to be coupled with an RPPR.**

- 1 **Public Sector Operations Review Committee.** Chaired by the Director-General. Members are Directors of the concerned Sectors and specialised Support Departments (Safeguards, Strategy & Policies, SNFI, AHGC, Climate Change, Green Growth, etc), the General Counsel or other PGCL's representative, and other essential participants.
- 2 Revised African Development Bank Group Policy on Utilization of Savings on Public Sector Operations (ADB/BD/WP/2020/77/Rev.1/Approved – ADF/BD/WP/2020/50/Rev.1/Approved (18 June 2020))
- 3 Sector Director may approve, in the case where a Sector Director is responsible for managing project/programme delivery.
- 4 The RDG may approve in the case where the RDG is responsible for managing project/programme delivery.
- 5 Generally, a project or programme that has a poor E & S performance (e.g., lack of an E & S officer in the PIU, failure to routinely support quarterly or monthly E & S monitoring reports, lack of suitable and functional grievance redress mechanisms, or failure to undertake independent E & S compliance audits) should not report a saving in project costs.
- 6 **Suspension of Disbursement for Operational Reasons**, such as persistent failure to fulfil Loan / Grant Agreement and the applicable standard or General Conditions, terms and conditions for entry into force, or for first or subsequent disbursements, or for not abiding by the Bank's Safeguards Policies, e.g., Resettlement and Compensation of persons displaced by Bank Group-financed operations, persistent poor project implementation oversight, failure to submit quarterly progress reports of acceptable quality, among others, or non-compliance with procurement and financial management guidelines could also be reason for suspension of disbursement.
- 7 **Suspension of Disbursement for Non-Operational Reasons**, such as questions relating to integrity of project sponsors or counterparties, if the Borrower falls under sanctions, or project implementation is interrupted by unforeseen political / social / security situations.
- 8 Examples include material adverse impact of changes on the project, conditions precedent to disbursement, change of financial terms and conditions (commitment fees, deferral of payments, loan tenor) waiver of material disbursement conditions, change of executing agency amongst others., non- availability of co-financing. The Legal Counsel is to determine whether the change is a Substantial change.
- 9 Other changes include all other changes to loan/ grant conditions other than substantial changes as determined by the legal department. The Legal Division Manager shall determine whether the changes are within the approval authority of PSRC.
- 10 If the Legal Manager advises that the changes are within the authority of the Board, a PRSC shall review and clear the proposed changes to be submitted to the Board of Directors for consideration on a Lapse of Time basis (LOTB).
- 11 In the case of changes in Loan or Grant Conditions, the FIFC Officer is the Loan Accounting Officer.

Private Sector and Non-Sovereign operations Support Department PINS shall provide the TIC secretariat and oversee

its work. Membership of TIC. : (i) Originating Sector Department's Director; (ii) Regional Directorate hosting the proposed NSO, represented by the Director-General or the Country Manager; (iii) Director or Manager responsible for Credit Risk (PGRF); (iv) Director or Manager of Environmental and Social Safeguards (SNSC); (v) Director or Manager responsible for Additionality and Development Outcomes Assessment (ADOA) function; (vi) Director or Manager responsible for Strategy and Operations Policies (SNSP); (vii) Division Manager for Private Sector Operations (PGCL.2); (viii) Director or Manager Climate for Change and Green Growth (PECG); (ix) Director of NSO and Private Sector Support department (PINS); and (x) Regional NSO Lead specialist (xi) Director Office of Integrity and Anti-Corruption (PIAC); (xii) Director Syndication and Client Solutions (FIST); (xiii) any participants specially invited by the TIC Chairperson.

7. **Routine communication** relates to preparation, notices, monitoring, covenants and follow-up on documents.
8. **Critical communication** relates to important decisions by the Bank with an impact on project implementation. Examples include (i) cancellations, (ii) suspension of disbursements, (iii) escalation of audit / investigations issues and non-compliance or safeguards obligations as highlighted in Environmental and Social Impact Management Plans.
9. **Concerned Country Manager / DDG or CPO** to be invited to participate in the DMT segment reviewing a PEN for a project in their RMC.
10. **PEN preparation (equity and quasi-equity operations):** Strategy & Transaction Support Division in PINS shall provide technical support to the concerned Sector Department.
11. **Fast-tracked NSO proposals:** Eligible projects are those that fall within one of the following categories:
 - (1) Repeat bilateral lending to the same existing client, or for the same project, that meet the following criteria: (a) risk rating remaining "Moderate" or better, as confirmed by PGRF; (b) commitment value not exceeding UA 100 million; and (c) not requiring unprecedented or unusual waivers to Bank Group policies; and
 - (2) Trade Finance Facility, Boost Africa Initiative, and Africa SME Programme and other similar projects, which will be processed in accordance with streamlined procedures as set out in pertinent Bank policies.

Projects of both categories must comply with all applicable requirements of the Bank's Integrated Safeguards System (ISS).
12. The NSO part of the IOP shall take into consideration the specificities of NSO—notably, the higher competitiveness for financing proposals, the much shorter project cycle, and obligation to preserve confidentiality of clients and counterparties. The NSO Business Manual shall provide guidelines on the formulation of NSO input to the IOP. Both public sector and non-sovereign ADB financing operations included in the IOP should be within the country planning caps approved by the CRC for that year.

Notes to NSO 3.510 - 3.520

- Regional NSO Lead:** PL-2 or PL-1 staff in HQ-based Sector department or located in a Region / Country Office .
- Signature of Financing Agreements:** The default signatory is the Sector Director, who may sign or delegate signature to Sector Manager. However, the Vice President may, at her/his own discretion, sign or delegate signature to Regional Director-General or Country Manager. With regard to Jeopardy Projects, the signatory is SNOU Head, whereas for Joint Venture Projects the default signatory remains the Sector Director; for those Jeopardy Projects which are managed both by the SNOU Head and a Sector Director, the signatory is determined having regard to the respective allocation of roles and responsibilities.
- Hand-over from Sector Monitoring & Supervision to SNOU:** The same procedure shall be used to transfer projects between Sector Supervision and SNOU when projects become Jeopardy or are reclassified from Jeopardy to Joint Venture or Active Monitoring.
- Hand-over from origination to monitoring & supervision:** Both the Sector Managers in charge of Origination / Monitoring & Supervision must co-sign the Project Transfer Form (PTF).

3. **Regional NSO Lead:** PL-2 or PL-1 staff in HQ-based Sector department or located in a Region / Country Office.
4. PINS/SNOU shall submit all the relevant documentation to enable PGRF to undertake the annual reviews, including review of obligor ratings.
5. **Annual Project Review of performing and “joint venture” operations:** PINS.2 (Corporate & Strategic Portfolio Management Division) has full responsibility for the management of performing and “joint venture” operations. The Special Operations Unit (SNOU) as co-pilot for “joint venture” operations, may provide advisory support. In “jeopardy” operations, SNOU takes the lead, and PINS.2 co-pilots. Task Manager, the Origination Manager and SNOU Head shall ensure that all information on a workout project is shared with the Manager of the Credit Risk Division (PGRF.1). Systematic annual verification of project implementation progress, waivers & amendments, data collection & archiving, reporting, and follow up on remedial actions. Approval by DMT chaired by the Sector Director. Any recommendations relating to project status changes (Watchlist / Joint Venture / Jeopardy), rating changes or impairment provisioning will be presented to CRC for approval.
6. **Annual Project Review of “jeopardy” operations:** When “Jeopardy” operations, SNOU has sole responsibility for management of all such projects. Classification of projects (‘Performing’ ‘Joint Venture’ or ‘Jeopardy’) is approved by CRC.
7. **Annual NSO Portfolio Review Report** covers the Bank-wide NSO Portfolio. It will be prepared by PINS, who may, as appropriate, consult relevant stakeholders. In accordance with Equity Investments Framework, PINS will also prepare annual Reports on Equity Operations.
8. **Special Operations Unit (SNOU)** will prepare bi-annual reports to be approved by OpsCom using the same procedure.

Notes on NSO 3.680:

1. **Modification of terms** refers to amendments and waivers to the terms of **the Bank investment**.
2. **Task Manager** for Origination, prior to the First Disbursement; Task Manager for Implementation, after First Disbursement.
3. **Origination Sector Manager**, prior to First Disbursement; Monitoring & Supervision Sector Manager after First Disbursement.
4. **Regional NSO Lead**: PL-2 or PL-1 staff in HQ-based Sector department or located in a Region / Country Office.
5. **Head of SNOU**: exercises authority equivalent to that of the Sector Director in the approval of projects in the Jeopardy state.
6. Sector Director for Origination, prior to the First Disbursement; PINS Director after First Disbursement.
7. **Modifications (or waivers) relating to non-financial terms which, upon review by the Credit Risk Unit (PGRF.1), are found not to have a material impact on credit risk** (e.g., the release or modification of collateral, waivers as to Conditions Precedent which had been recommended by PGRF / CRC etc.) can be approved by the Implementation Sector Director. CRC shall be duly informed.
8. **Modifications (or waivers) relating to non-financial terms which may potentially have a material impact on credit risk** (e.g., the release or modification of collateral, waivers as to Conditions Precedent which had been recommended by PGRF / CRC etc.), accompanied by PGRF.1 processing recommendations and clearance by the Implementation Sector Director, shall be referred to CRC for approval, particularly if relating to projects on Watchlist. Based on its assessment of the (potential) material impact of the proposed modifications or waivers, PGRF.1 may recommend submission of the latter to the CRC, if deemed appropriate.
9. Recommendation by OpsCom. **Director of Strategy & Policy Department to participate in the review**. Approval by the Board of Directors on a lapse-of-time basis (LOTB).
10. Financial terms of the Bank Investment refer to terms (other than the fees mentioned under activity no. 3.644) approved by the Board of Directors such as the investment / loan / guarantee amount and term, interest rates for loans, tenor, grace period, amortizing profile, repayment instalments, rates of commissions for guarantees, number and nominal value of shares subscribed etc. This includes rescheduling decisions on Work-out projects.
OpsCom review is only required for Exceptional NSOs, namely those that fall within any of the relevant cases listed in PD Number 03/2013 (paragraph 2.4.3) or as defined in a successor Presidential Directive.
11. **President's authorization**: It should be noted that President's authorization is required for any proposal giving rise to, or reasonably expected to give rise to, the write-off (in whole or in part) of an investment or amounts otherwise owed to the Bank in connection with a non-sovereign operation (PD No. 03/2020). The President's authorization is required on the sale of loans.
12. Board approval is requested on a lapse-of-time basis (LOTB).
13. **Head of SNOU**: should recommend to CRC the sale of a loan, in the case of Jeopardy projects (even those which have been written off).
14. E&S Safeguards specialist: Any request for which Environmental and Social covenants will need to be waived shall be checked and verified by E & S Specialists. SNSC shall be informed in respect of all other requests that have no impact on Environmental and Social covenants.
15. PGRF (Credit Risk Officer): In respect of requests for Waivers that require to be checked and verified by PGRF, while the checking and verifying shall be done by the PGRF Officer, should the request relate to a notional value (outstanding amount +undisbursed amount) in excess of UA 20 million, this shall require to be checked and verified by the Credit Risk Manager instead of the Credit Risk Officer.

Notes on NSO 3.700:

- Task Manager**, staff from NSO Sector Department or SNOU Task Manager for Jeopardy projects.
- Sales of Equity**: In the case of Jeopardy projects (even those which have been written off), sale should be recommended by SNOU to CRC. The President's review and authorization is required for any proposal giving rise to, or reasonably expected to give rise to the sale of equity at a value under its historical cost.
- Equity Valuation Working Group**: Members are from PINS, PGRF, FIFC, FIST and FIFM. When reviewing equity divestments, the responsible Sector Director, as well as the Directors of FIFM and FIFC shall be invited.
- Communication to clients** on shareholders meeting attendance proxies shall be issued by the Secretary-General as per activity no. 2.119 on Bank Group communication on meeting attendance proxies.
- The sale of equity stakes** refers to the sale of direct equity investment stake and secondary sale.
